

HANDLING STUFFED TOYS AND PARENTS' CLOTHES

You are welcome to bring your baby a stuffed toy or a music box. It is important to ensure that they are as new as possible and free from animal hair or strong odours.

Machine wash and dry the cuddly toy before bringing it to the clinic. For transport, please place the stuffed toy in a clean freezer bag.

The stuffed toys should be taken home once a week for washing so they are as germ-free as possible.

You are also welcome to bring your child a worn T-shirt as a reminder of familiar odours. It is important to note that the T-shirt has only been worn 1-2 times. Like the cuddly toys, it should also be free of animal hair and strong odours such as cigarette smoke. Please refrain from using perfume and deodorant.

We would like to point out that you are unfortunately not permitted to bring your own baby clothes. If you have any further questions, please contact your responsible nurse.

Your team at K3 😊
